**PHILIPS**  
sense and simplicity

# Specifications

## Calc management

- Suitable for tap water

## Accessories

- Suitable for WardrobeCare: GC9940, GC9950

# Highlights

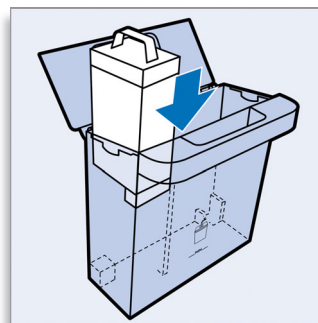

## Easy to replace

The anti-calc cartridge is easy to replace. Simply take out the anti-calc cartridge from the water tank and put in a new one. The old anti-calc cartridge can be disposed with household fuse.

## Anti-calc cartridges

Anti-calc cartridges demineralize the water and prevent calc to enter the appliance.

## Easy to store cartridges

The WardrobeCare integrated ironing solution has a special storage compartment, where spare anti-calc cartridges can easily be stored.

## Keep your system 99% calc-free

The anti-calc cartridges keeps your WardrobeCare free from calc.

## Replace cartridges

The anti-calc cartridges will need to be replaced every 3 to 7 months. Once the granules in the cartridge have completely changed color, you will need to replace it.

## Suitable for GC9940, GC9950

These anti-calc cartridges are suitable for the WardrobeCare integrated ironing solution with type numbers GC9940 and GC9950.

## 2 cartridges per pack

One package contains two anti-calc cartridges.
